## **Assessment Overview**

From September 6th, 2023 to September 7th, 2023, Advanced Physical Therapy engaged Raymond Fochler to conduct incident response and information recovery from a company owned computer system. Model Hewlett Packard ProDesk 400 GI MT Product # [REDACTED]. Serial # [REDACTED].

Customer Requests The Following Be Recovered:

- Computer Admin Passwords
- Any available payment records from stored Amazon Accounts
- Any available payment records from stored Walmart Accounts
- Any available payment records from stored Staples Accounts

## **Assessment Components**

### **Saved Browser Account Exploration/Computer Password Recovery**

Used Common tools to investigate stored Amazon, Walmart and Staples Payment history. Reference company credit card Ending in [REDACTED].

---

## Finding Severity

During the assessment I was able to identify company credit card use for employee [REDACTED] [REDACTED] for products not authorized by Advanced Physical Therapy. The credit card usage for this employee extended back to September 2020 and included consumer electronics, personal hygiene, food, and cosmetics. Due to restrictions on the available history of Amazon purchases I was unable to refer back to the employee's hire date of 2018. At present the current amount of unauthorized purchases is believed to be approx. 2,855\$ for Amazon alone. The total amount of Walmart purchases is unable to be determined. The employee used EBT in association with the company credit card to make purchases.

Further forensic investigation of the company's credit card and bank account usage by a CPA is recommended as this employee had access to [REDACTED] location banking information.

## Scope

---

## Executive Summary

Raymond Fochler was able to access via stored Chrome browser accounts, Amazon, Walmart and Staples order histories. During the engagement screenshots of invoices related to purchases made with the credit card ending in [REDACTED] were collected and provided to Advanced Physical Therapy as requested per the incident response agreement. The engagement revealed 27 instances where the credit card ending in [REDACTED] was used for purchases that were delivered to [REDACTED] residence or the [REDACTED] Office located at [REDACTED].

Additionally, the engagement revealed purchases on Walmart.com where [REDACTED] used the credit card ending in [REDACTED] to make purchases of food and other items and have them delivered to the [REDACTED] location or picked up by [REDACTED]. Totals for these purchases are not available due to multiple forms of payment being used.

A full audit of any financial information [REDACTED] had access to is recommended.
